

Subhash Shrestha

SOFTWARE DEVELOPER

Profile

An enthusiastic Web Developer holding a background in both the service sector and technical teaching field. Commitment to delivering quality work, quick learner, and adaptable quickly in the workplace to achieve the organisation's goals. Well aware of all stages of advanced web development. Able to effectively self-manage during independent projects, as well as collaborate in a team setting. Feeling excited to leverage my skills by engaging as a problem solver and building quality applications.

Employment History

Student Mentor, IIBIT, Adelaide

JULY 2019 – MARCH 2021

- Monitored student progress and performance, and helped students understand core Java concepts.
- Mentoring session transition from face-to-face to online during the lock-down.
- Recognised by the course coordinator for commitment and assisting the student with extra hours.
- Student subject passing rate increased, and around 90% of students were satisfied with the mentoring session, as observed from students' feedback.
